VIR43C

BRUSHCUTTER

43 CC - 1.6 HP

VITO's Brushcutter (VIR43C), with 43cc and 1.2kW of power, is suitable for cutting areas of grass or scrub, on agricultural land or for maintaining green areas. With a blade cutting diameter of up to 305mm and a 2-stroke engine with 7,000 rpm, it allows you to thin and cut tall, dense vegetation. The 1-litre tank capacity ensures an extended autonomy of approximately 1.5 hours, allowing you to carry out all your tasks without interruptions for refuelling. The easystart system facilitates the start-up at the beginning of work. It also includes an anti-vibration system to make handling easier and more comfortable. This model comes equipped with a harness to support the brushcutter, offering better comfort and ergonomics during work, reducing fatigue, and increasing productivity.

Technical data:

Engine	2-stroke combustion
Power	1,6 hp / 1,2 kW
Engine displacement	43 cc
Rotational speed	7000 rpm
Fuel	Mixture 1:30
Fuel tank	1 L
Autonomy	1,5 h
Shaft tube length	1500 mm
Shaft tube diameter	28 mm
Cutting blade width	255 mm / 305 mm
Cutting head with nylon line width	415 mm
Nylon line diameter	2,5 mm
Sound power level (L _{WA})	108 dB(A)
Sound pressure level (L _{PA})	97 dB(A)
Weight of the product	9,7 Kg
Product dimensions	1800 x 700 x 290 mm
Weight with packaging	12,1 Kg
Packaging dimensions	1840 x 300 x 300 mm
EAN	5604612744816

VIAC350

Grass Trimmer

350W - 22cm

VITO's 350W Grass Trimmer (VIAC350) is ideal for mowing areas around gardens, pavements, and other hard-to-reach areas.

With a cutting diameter of 220mm and a no-load rotational speed of 12,000rpm, it allows you to trim the grass with precision around fixed objects such as fences, walls, and posts.

This trimmer is a lightweight machine that is highly effective for mowing and trimming in places you would not be able to reach with a lawnmower.

Main features:

- > Cutting precision;
- > Ergonomic design;
- > Versatility;
- > Lightweight;
- > Low maintenance.

Available accessories:

Set of 2 nylon line spools for grass trimmer

Grass Trimmer

550W - 30cm

VITO's 550W Grass Trimmer (VIAC550) is a lightweight machine that is highly effective for cutting grass in places you would not be able to reach with a lawnmower. Its rotating head together with the support wheel increases the versatility of this machine, allowing you to adjust the cutting angle. This makes it possible to reach edges, corners, and other hard-to-reach areas, ensuring a more precise and professional finish.

This trimmer has a cutting diameter of 300mm and a no-load rotational speed of 10,000rpm, guaranteeing efficiency and rigour. Adjustable features such as the auxiliary handle and the telescopic shaft provide comfort, adapting to the individual needs of each user.

The grass trimmer is equipped with a twisted line, which guarantees precise and efficient cuts and provides superior performance, even on dense lawns.

Main features:

- > Cutting precision;
- > Ergonomic design;
- > Versatility;
- > Lightweight;
- > Low maintenance;
- > Height adjustment;
- > Accessibility and flexibility;
- > Greater control.

VITO

TOOLS FOR THE BRAVE

vito-tools.com

VIRMF52 MULTIFUNCTION BRUSHCUTTER 52cc 2.2hp

VITO's 4-in-1 multifunction brushcutter (VIRMF52) is a versatile tool, ideal for maintenance and land clearing purposes.

A single equipment includes four different tools: a brush knife, a nylon line mowing head, a hedge trimmer blade and a pruning chainsaw guide bar. This allows you to tackle any type of vegetation, from the finest grass to dense bushes and tree branches, all with a single machine.

With a 2-stroke combustion engine and a cylinder displacement of 52cc, this brushcutter offers 2.15hp, guaranteeing excellent performance in a variety of tasks.

This machine includes various accessories that allow it to be adapted to different needs. With the brush knife, it is possible to cut through dense vegetation such as small bushes and tall grass, making it ideal for more demanding jobs where the nylon line would not be efficient. The nylon line mowing head is mainly used for cutting grass, small weeds and vegetation, and is perfect for delicate finishes around trees, fences and walls.

The brushcutter can also be equipped with a hedge trimmer blade, ideal for pruning and shaping hedges and bushes, allowing for precise, even cuts in gardens, parks and backyards. Finally, the pruning chainsaw guide bar is designed to cut tree branches, thin trunks and other wood, making it useful for pruning trees and removing branches.

With a fuel tank that offers autonomy of one hour, this tool is ideal for carrying out most tasks without the need for constant refuelling. The carrying harness that comes with it facilitates handling and increases comfort during prolonged use.

Technical data:

Engine:	Combustion 2ST
Power:	2,2hp / 1,6kW
Engine displacement:	52cc
Rotational speed:	8500 rpm

VIR52C BRUSHCUTTER 52cc 1.9hp

VITO's brushcutter (VIR52C), with 52cc and 1.4kW of power, is suitable for cutting extensive areas of grass or scrub, on agricultural land or for maintaining green areas.

With a blade cutting diameter of up to 305mm and a 2-stroke engine with 7,000 rpm, it allows you to thin and cut tall, dense vegetation.

The 1-litre tank capacity ensures a long autonomy of approximately 1.5 hours, allowing you to carry out all your tasks without interruptions for refuelling. The easy start system facilitates the start-up at the beginning of work.

It also includes an anti-vibration system to make handling easier and more comfortable.

This model comes equipped with a harness to support the brushcutter, offering better comfort and ergonomics during work, reducing fatigue, and increasing productivity.

VIVRAF

LAWN RAKE WITH LEAF PICKER

Technical data

Material:	Iron
Teeth:	25
Dimensions:	1600x500x115mm
Weight:	1.416 Kg
EAN:	5604612745622

The new Lawn Rake with Leaf Picker from VITO (VIVRAF) is ideal for keeping the garden clean and airy. A VITO product designed to pick up leaves and garden debris quickly and easily without touching them with your hands. With this model of Lawn Rake with Leaf Picker, garden maintenance becomes a simpler and less time-consuming task.

Besides being the ideal solution for collecting leaves, this rake also serves to sweep gardens, flowerbeds, and even paved areas such as pavements and patios.

VIMEDTD7B

Diesel tiller with direct transmission

7hp

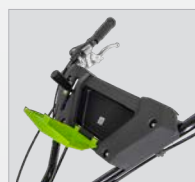

VITO's diesel tiller with direction transmission (VIMEDTD7B), has an engine displacement of 246cc and delivers 7hp/5.2kW of power. Its 115cm working width makes this tiller suitable for small and medium sized terrains.

It is equipped with a 3-speed gearbox (2 forward + 1 reverse) ensuring maximum performance in all tasks.

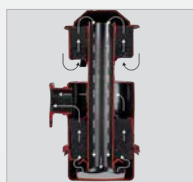

Easy to handle, this tiller includes a furrow opener and 35 mm-diameter tines.

Main features:

- > Electric start;
- > Triple filter system;
- > Oil level sensor;
- > Front stand.

VISM76

BACKPACK BLOWER 2T

76cc

This VITO's 2ST - 76 cc backpack blower (VISM76) is ideal for clearing and removing leaves and other debris quickly and easily. Ideal for large areas, it is an effective machine for garden maintenance, landscaping and cleaning outdoor areas.

This blower, equipped with comfortable straps, was designed to provide maximum comfort during long periods of work, reducing the effect of fatigue.

Main features:

- > Adjustable handle;
- > ON/OFF switch.

Technical data:

Engine:	2T Combustion
Engine power:	3.6 hp/ 2.7 kW
Engine displacement:	76cc
Fuel:	Mix - 1:30
Fuel tank:	2L
Autonomy:	1H
Rotation speed (idle):	2800±200 rpm
Maximum rotation speed:	7000±200 rpm
Maximum air speed:	92m/s
Maximum air flow:	0,43m³/s
Sound power level (L _{WA}):	110dB
Product weight:	12kg
Product dimension:	500(A)x550(B) x1450(C)mm
Weight with packaging:	14kg
Packaging dimension:	580x400x500mm
EAN:	5604612740245

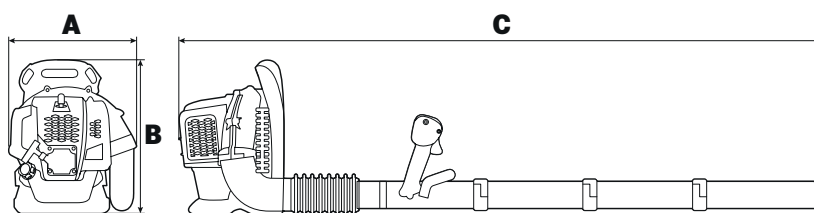

Adjustable padded straps

Adjustable multifunction handle

Double air filter

Package content:

- > 1x 2T 76cc Blower;
- > 1x Flexible bellow;
- > 3x Connection tubes;
- > 2x Clamps;
- > 1x Fuel mixing bottle

**BRUSHLESS
PRUNING SHEARS**

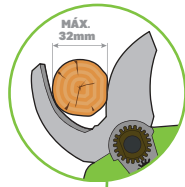

16,8V - 2,5Ah

VITPB16832

BRUSHLESS PRUNING SHEARS
16,8V 2,5Ah

To make the pruning process easier and quicker in orchards, vineyards and gardens, this pruning shears stands out for its robustness and brushless motor technology, providing greater durability and less wear. It features high-quality blades allowing you to make precise cuts up to 32mm for a longer time. Lightweight, comfortable, practical and with a progressive cutting system, it reduces fatigue and tension in the hands and arms, thus allowing you to work with greater freedom of movement. In addition, this pruning shears incorporates a safety system that locks the blade whenever the shears contact the user's skin (two points of contact). It should also be noted that the machine has a display where you can see the number of cuts performed, the current battery capacity and if there is a problem with the machine, the type of problem is shown in alpha numeric format.

BRUSHLESS MOTOR

LCD CUTTING NUMBER DISPLAY

Main features:

- > Brushless motor;
- > Display showing the number of cuts made;
- > Display showing the battery charging status;
- > Display identifying errors (see instruction manual);
- > 2 opening modes (Ø15mm/Ø32mm);
- > High durability blade;
- > Audible activation signals;
- > Ideal for pruning vines, orchards, shrubs, small trees and for cutting twigs (gardens).

Backlit display

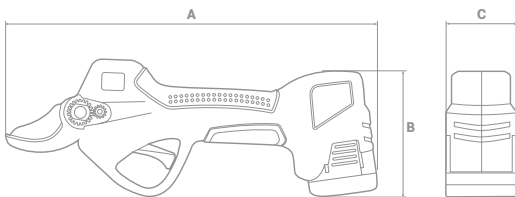

Rubber grip handle (ergonomic)

Charger - Possibility to charge 2 batteries at the same time

Technical data:

Motor:	Brushless
Rated voltage:	16,8V
Battery capacity:	2,5 Ah
Batteries running time:	8h (2x4h)
Charging time:	2h
Maximum cutting diameter:	32mm
Sound power level (L _{WA}):	84 dB
Weight (shears +battery):	0,99kg
Dimensions:	290(A)x120(B)x50(C) mm
Weight with packaging:	3,38kg
Packaging dimensions:	360x280x135mm
EAN:	5604612735043

Activate work mode:

ON (Press the button)

2x Press the trigger 2x in a row

OK The work mode is activated after beep

Switch off the shears safely:

3x Keep the trigger pressed for a few seconds

Shears is set to safe mode after a beep.

OFF Switch off (Press the button)

Changing the blade opening mode:

ON (Press the button)

4x If you press the trigger for 4 sec., it activates the beep

The cutting diameter changes.

Total number of number of cuts performed:

1- Battery charging status
2- No. of cuts made

Packaging content:

- > BMC case;
- > Brushless pruning shears;
- > 2x battery 16,8V - 2,5 Ah;
- > Charger
- > Oil bottle (empty);
- > 2x Hex wrenches;
- > Blade wrench

VITO GARDEN

The VITO GARDEN rotary grass shears - with 5-position (180°) rotating blades - allow you to reach every corner of your garden. Thanks to its gear mechanism, your effort is reduced.

The carbon-enriched steel blades do not stick and guarantee greater resistance to corrosion and durability.

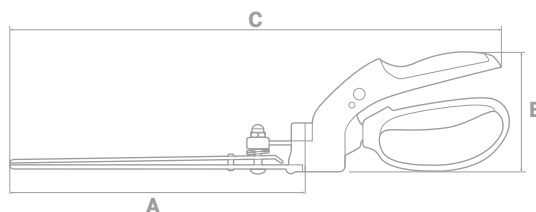

Main features:

- > Ergonomic handle;
- > 180° rotation;
- > 5-position rotating carbon steel blades;
- > Position lock;
- > Automatic release;
- > Easy cutting / handling in any position.
